In today's world, it's more important than ever to be prepared for emergencies. They can occur quickly and without warning, so planning is a crucial step toward a calm and effective response.

Behavior:

If you spot any **suspicious individuals** engaged in questionable activity, look for the following:

- Visible signs of nervousness
- Excessive sweating
- Sprayer bottles or aerosol canisters
- Inappropriate clothing that is excessively baggy or too heavy in warm weather

Packages:

If you spot an **unattended package**, look for the following:

- Placement in an out-of-the-way location
- Individuals in the act of abandoning the packages and hastily departing the area
- Unusual attached batteries, wires, tanks, bottles or bags that might contain chemicals
- An attached message
- A suspicious cloud, mist, gas, vapor, odor or seeping fluid
- Nearby individuals showing signs of illness or distress

Recommended course of action:

- Do not confront suspicious individuals
- Contact the Interurban Trolley or the police immediately
- In the event of a suspicious package, do not use a cellular phone until you are a safe distance away
